

In Christ I am... WISE

God wants us to know Him, He doesn't want to be a mystery to us. Fill in the chart below with 1-2 ideas.

What do I already KNOW about God?	What do I WANT TO KNOW about God?	What did I learn today about God? (complete at the end)

We can learn about God by reading the Bible and by listening to our pastors and parents. According to the verses 15-17, how else can we learn about who God is?

God the father, through Jesus his son, sends His _ _ _ _ _ to help us know him.
We can _ _ _ _ and ask God to reveal more about Himself.

God wants us to be wise in knowing Him and also 3 more things: hope, God's inheritance, and God's power. Draw a line connecting each term to its meaning:

What is our hope?

It can't be measured, great, working, great might.

What is God's inheritance?

A secure future living with Jesus forever.

How does Paul describe God's power?

The believers (us!).

"In love he predestined us for adoption to himself as sons through Jesus Christ, according to the purpose of his will, to the praise of his glorious grace, with which he has blessed us in the Beloved."

Ephesians 1:5-6
