

Koinonia Team at Stone Hill Church

The Stone Hill Koinonia Team strives to lead the church congregation to strengthen the unity of the Body under the headship of Jesus Christ while embracing racial, ethnic, socioeconomic and other diversity. It was founded in 2014 when the church leadership realized that it did not understand—and needed to understand—why some of the African Americans in the congregation were so upset by the events surrounding the deaths of Trayvon Martin and Michael Brown. Since then, Stone Hill Church has grown increasingly multi-ethnic, with large numbers of Hispanic, East Asian, South Asian, and Caribbean Island congregants, among others. The Koinonia Team organizes regular activities, such as potlucks at Pentecost and New Year's Eve, and joint events with [Transformation Church](#) and [Westside Church](#).

Multiplicity Conference

Stone Hill Church has partnered with other churches, especially [Central Church](#) and [The Perfecting Church](#), to organize the annual [Multiplicity Conference](#).
